

Miracle Minds Anthem

In the heart of the city, where dreams start to take flight,
At Miracle Minds Academy, every child feels right.
With open arms and warm smiles, we guide them each day,
Teaching with passion, spreading joy and joyous play.
Teaching with passion, spreading joy and joyous play.

[Verse]

Through laughter and learning, their spirits ignite,
Every moment a memory, under the sun's golden light.
With crayons and colors, they paint their future bright,
Here at Miracle Minds Academy, we make them feel alright.

[Chorus]

Welcome to our special place, Miracle Minds Academy,
A merry space where little hearts shine, so bright, so divine.
Teaching with the soul, oh what a delight!
In this world of joy and light.

[Verse]

With love and patience, we watch them grow and thrive,
Each step they take, a journey to new heights, a new life.
From tiny tots to big kids, every child's story is unique,
At Miracle Minds Academy, we make sure they never lack for a clue.

[Verse]

With hands full of kindness, we help them find their way,
Through challenges and triumphs, we're always here to play.
Here in this academy, we plant seeds of hope and cheer,
With every lesson learned, their hearts and minds will soar higher.

[Pre-chorus]

With love, hope, and faith in view, we watch wonder grow,

In every classroom, we light up the glow.

[Chorus]

Welcome to our special place, Miracle Minds Academy,
A merry space where little hearts shine, so bright, so divine.

Teaching with the soul, oh what a delight!

In this world of joy and light.

[Chorus]

Welcome to our special place, Miracle Minds Academy,
A merry space where little hearts shine, so bright, so divine.

Teaching with the soul, oh what a delight!

In this world of joy and light.
